Hotel Restaurant Florida

A warmth welcome

Geographical location

The village of Studen is situated in the middle of the Bernese Seeland, not far from the Jura valley, between Biel and Lyss. The Florida is directly adjacent to a nature reserve and is easily accessible by both public and private transport. The complex enjoys an idyllic location at the forest lake with many waterfowl and flamingos.

Origin and description of the establishment

The natural setting quickly became a popular excursion destination, which caused to enhance the cafe with a large tropical plant. Barbecue at the Self-Grill and dessert specialities were in the trend, which clearly showed the number of visitors. The tropical plant restaurant has been constantly expanded over the years and supplemented with a mini golf course and miniature golf course. Soon after, the campsite was closed and converted into a parking lot in order to be able to meet the increase in number of guests. In the second generation, Christine and Urs Schwab-Wegmüller took over the company in 1972. After eight years of work, they opened an extraordinary dance hall with live music. In 1997 the Hotel Florida opened its doors with a total of 50 rooms after 14 months of construction.

In 2009, Stefanie Schwab took over the company in the third generation. For further information, please visit our homepage: www.florida.ch
